Help Wanted

600,000 men and women to qualify, must be 21 years old or over, have current poll tax, and promise to vote without fail November 3, 1964.

Your compensation will be based on the American system of individual initiative.

If you are open-minded, take time to study the issues, and are tired of Arkansas ranking 49th among the 50 states in too many instances, and if you would like to see Arkansas be *FIRST*, you will surely vote GOP November 3rd.

The following are only a few benefits you will derive from a two-party system:

- Safeguard our freedom.*
- Have a much stronger economy under the leadership of Win Rockefeller, our next Governor, who not only has the vision, but a plan to develop our resources.*
- Expand and up-grade our schools.*
- Raise teachers' salaries.*
- Give better care for those in our state institutions.*
- Larger monthly checks to our elder citizens.*
- Restore the Governor's office to the people with honor and dignity, as it should be.*

As chairman of the AIDC, Mr. Rockefeller did a marvelous job, as you know. He is now dedicating all of his time and energy striving to make our state a better environment for you, and a better environment in which to rear our families.

We, as true-blue Americans must let the National Democratic Party know they can't kick us in the teeth and get away with it; and let the Arkansas machine know there are other men in Arkansas who are more competent to be Governor than the one who wishes to perpetuate himself in office, and the one who has blocked the aspirations of our youth who someday may aspire to the Governor's seat but who already know there is no use to run against a ruthless machine like this.

This dark, stormy night is fading; the morning light is breaking through on a strong two-party system in Arkansas Help *ALL* of Arkansas this time by voting GOP! ! Thanks!
