Language	English
Language of Materials:	Materials entirely in English.

Preferred Citation:

Arkansas Department of Career Education image collection, Arkansas State Archives, Little Rock, Arkansas.

Historical Note:

Established in 1997 by Act 803, the Arkansas Department of Workforce Education manages education programs and services to prepare Arkansas's workforce to be job-ready. The Arkansas Department of Education, established in 1931, had originally managed this task until 1997. Act 787 of 2009 renamed the Arkansas Department of Workforce Education to the Arkansas Department of Career Education. This department prepares the state's workforce to be job-ready by managing vocational and technical education to meet the needs of employers in Arkansas. The department handles this through four divisions: adult education, rehabilitation services, career and technical education, as well as skills development.

Scope and Contents:

This collection is comprised of 49 glass negatives depicting agricultural scenes, agrarian life, and new technologies from the 1920s and 1930s. Also included are two large photographs and two digital images.
