PHILADELPHIA, 1876.

The United States Centennial Commission has examined the report of the Judges, and accepted the following reasons, and decreed an award in conformity therewith.

Philadelphia, Decem 16th 1876.

REPORT ON AWARDS.

Product, Natural and Industrial resources.

Name and address of Exhibitor, State of Arkansas.

The undersigned, having examined the product herein described, respectfully recommends the same to the United States Centennial Commission for Award, for the following reasons, viz:

For a large, well planned State Building on the Centennial Grounds, combining some striking and unique features in its construction; deserving of special mention;

Also for a large, comprehensive and very attractive exhibit of the natural and industrial products of the State, embracing a valuable mineral collection, a large collection of the native woods, also of the agricultural products, and especially of corn and cotton, the latter equalling any fibre of its kind raised in the United States; all of which collections are very tastefully and systematically arranged for the inspection of visitors.
